SKILLS

- **Languages**: C, C++, JavaScript(ES6+), Java, Python, PHP
- **Frameworks**: Bootstrap, NodeJS, React, Express.js, Next.js, Tailwind CSS
- **Tools/Platforms**: MySQL, MongoDB, Git/GitHub, VS Code, Netlify, Cloudinary, Postman, Figma, RestAPI
- **Soft Skills**: Problem-Solving, Team Player, Project Management, Adaptability

PROJECTS

ASAP! – AI Website Generator | GitHub Since Feb' 26

- Created an AI-powered website generator that produces complete websites with a single click.
- Implemented inline editing to update content instantly without regenerating the entire website.
- Integrated authentication and user management using Clerk for secure access control.
- Configured backend data handling using Drizzle ORM with Neon for structured and scalable storage.
- Added image upload and optimization using ImageKit with a modern UI using Tailwind and Shadcn.

Tech Stack: Next.js, React, TypeScript, Tailwind CSS, Clerk, Drizzle ORM, Neon, ImageKit.

Trendiio – Modern Social Media Platform | GitHub Jan' 26

- Scalable social media platform built with the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Secure user authentication and session management with Clerk..
- Core social features: posts, dynamic feeds, follow/unfollow, stories, and advanced user search.
- Real-time chat and messaging powered by WebSockets for instant communication.
- Optimized media delivery using ImageKit CDN with efficient backend APIs and MongoDB indexing.

Tech Stack: MERN (MongoDB, Express.js, React.js, Node.js), Tailwind CSS, Clerk, ImageKit, WebSockets

TRAINING

Summer Training Intern – Java Application Development | Certificate Jun' 25 – Jul' 25

- Learned Java fundamentals, OOP concepts, exception handling, and modular application development.
- Developed desktop applications using Swing/AWT with event-driven programming.
- Performed database connectivity and CRUD operations using JDBC with MySQL.
- Built client–server communication modules using socket programming.
- Executed multithreading to manage concurrent tasks efficiently.
- Worked with File I/O for reading, writing, and processing external data.

CERTIFICATES

- Cloud Computing – NPTEL | Certificate Nov' 25
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM – Infosys | Certificate Aug' 25
- The Bits and Bytes of Computer Networking – Google (Coursera) | Certificate Sep' 24
- Responsive Web Design – Free Code Camp | Certificate Nov' 23

ACHIEVEMENTS

- **Secured Ninja Dominator league on Code360 by Coding Ninjas** Feb' 26
  Solved 100+ moderate and hard level questions to achieve.
- **Solved 200+ Coding Problems | ongoing** Jan' 26
  Practiced consistently across LeetCode and multiple coding platforms, solving 200+ coding problems, demonstrating strong problem-solving skills and accuracy.
- **Secured Rank 6th in Code-A-Haunt 2.0 | Certificate** Jan' 24
  Among 2k+ participants Secured 6th position among state-level participants for innovative problem-solving and coding proficiency.

EDUCATION

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.85** Aug'23 - Present
- **DAV Public School** Midnapore, West Bengal
  Intermediate; **Percentage: 76** Apr' 21 – Mar' 23
- **DAV Public School** Midnapore, West Bengal
  Matriculation; **Percentage: 89** Mar' 20 – Mar' 21
